

## Weightless elegance: Nib from Alape

**Nib is all about the idea of maintaining perfect balance. The new basin from Alape seems to hover just above the washstand, without this impacting on its ergonomics in the slightest. With its graceful silhouette, Nib radiates the transcendent beauty of an icon – a striking design statement in any bathroom.**

Nib is the point of a fountain pen. The name alludes to the minimal area that connects the innovative dish basin to the washstand, creating the illusion that it is floating gently in the air above. This impression is further emphasised by the tapered underside. The refined geometry finds its perfect balance at a single point, giving Nib lightness and weightless elegance.

This new design from Alape not only boasts an unusual aesthetic, but is also highly functional. Made from glazed steel, Nib is durable, hygienic, easy to clean and perfectly designed to make your day easier. The spacious, ergonomically designed basin is easy to use and makes your daily routines that bit more convenient, while the unusual form adds a touch of sophistication and poetry to any bathroom. Grace and utility in perfect balance. Nib is available in white, black matte and dark iron.

The elegant Nib basin seems to hover weightlessly above the washstand, the dark shadows it casts becoming a natural part of the innovative design.

The dish basin connects to the washstand on the most minimal of points. The tapered underside enhances this floating effect, making Nib an eye-catching focal point in any bathroom.

Nib in white, black matte and dark iron.

### About Alape

Alape was founded in 1896 by Adolf Lamprecht in Penig as a company for enamel products. Today, the company employs around 100 people at two production sites in Goslar and produces aesthetic washplace solutions. As a manufacturer, Alape stands for technical and functional quality standards and inspiring design. Glazed steel in combination with other high-quality materials enables Alape's individual design for an interior-influenced environment. Alape has been part of the Spanish Roca Group since October 2023.
